Reviews

It becomes an amazing pdf that I actually have ever go through. This is for those who statte that there had not been a worth reading through. You will like how the author create this pdf.
(Prof. Lonie Roob)

ENVIRONMENTAL POLICYMAKING (PAPERBACK)

[DOWNLOAD](#)

State University of New York Press, United States, 2006. Paperback. Book Condition: New. New edition. 226 x 147 mm. Language: English . Brand New Book. The methods employed in the pursuit of environmental protection are often highly contested, leading to alternative policy approaches. This book details the frequently neglected topic of these alternative approaches to environmental policymaking through case studies drawn primarily from the United States, Germany, and Japan. Among the policy instruments analyzed are eco-audits, voluntary agreements, tradable permits, green taxes, environmental impact assessments, and command and control regulations. Also examined are international regulatory arrangements to encourage sustainable forestry management practices. Various evaluative criteria are applied to each case study, including environmental effectiveness, economic and political efficiency, administrative efficacy, and technological innovation.
